Hi [Redacted]

(U) This is a request for Office of General Counsel Final Review of set of Referral Packages to other agencies, with regard to Mr. John Greenwald's request for certain NRO Memorandums of Understanding.

(U) This case involves over sixty individual documents, all of which are joint documents with other agencies. This first final review package is for fourteen documents that include no NRO equities that require protection from release. Given that these are all jointly-signed and "jointly-owned" documents with the matter of NRO equities already completely resolved, it seems logical to simply refer them to the other signatories for their reviews and direct responses to Mr. Greenwald. The documents included in TABs2a-2i include individual referral packages for the other "owner" agencies (Referral letters w/the agency-specific documents).

(U) The package for review is at:

Thanks.
